Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Examiner the documents listed on the attached PTO 1449. This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

Copies of the listed documents, with the exception of those discussed below, were previously submitted in a prior application, application no. 09/263,954, filing date March 8, 1999, upon which Applicants rely for the benefits provided in 35 U.S.C. § 120. Applicants enclose copies of U.S. Patent Nos. 4,362,528 and 6,113,923 and foreign patent documents GB 1 568 989 and GB 1 569 980, which were not submitted in prior application no. 09/263,954. Applicants note that three patent applications previously

identified as relating to subject matter similar to the present application have now issued as U.S. Patent Nos. 5,976,195; 5,989,295; and 6,010,541, and copies are also enclosed herewith.

With respect to the non-English language documents: EP 0 046 543; EP 0 663 203; FR 2 312 233; FR 2 331 325; and FR 2 722 687, Applicants submit copies of English language Derwent abstracts of those patent documents herewith. Applicants also note that they have not submitted an English language translation of FR 1 492 597 but believe that this document discloses cellulose ether derivatives having quaternary ammonium groups, as stated in an Information Disclosure Statement filed in parent application no. 09/263,954.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Patent Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
